BRIEF ABSTRACT OF LETTER.

Forwards a revised pension application in favour of Rajoji Jodagay and states that he is entitled under art 380 A to an enhanced pension of Rs 6/- per mensem in lieu of Rs 4/10 sanctioned in Govt. order no G. 1382-3 S & A 114-15-2 dated 15.

NOTES AND ORDERS.

7 (reverse) The medical board (local) have revised their certificate by adding that the case of the applicant is not one of ordinary pension under art 372 and that the disability was aggravated by field service.

A draft sanctioning the enhanced pension Rs 6/- is submitted.

11/11.

It would be a waste of Govt money to sanction special injury pension in cases where only ordinary invalid pension is admissible. To accept the argument of Br V in Mily file 1 of 1915 would result in Special pension being given to all men invalided from the Field on the presumption that they were all right when proceeding on service and that the disability must have been aggravated by Exposure there - This presumption it is submitted is not quite valid. After going to the field ~~one may~~ it is possible for one to get disabled by causes not attributable to the field service such as ordinary illness or advancing age - The rules contemplate cases where a person gets invalided on account of ordinary causes and becomes entitled to only ordinary pension - If the argument of Br V is to be accepted, there would be no such cases at all!

Assuming that there must be some cases where a person returning from active service wd be entitled only to ordinary pension the present case — where the Medical Board rules that the disability was not due to Service — seems to be one of this kind —

It is therefore submitted that the ordinary invalid pension already sanctioned in this case is all that is admissible and nothing more need be sanctioned as now proposed.

FLSeely 17.11.16

I agree with all for but the certificate of the local medical Board makes the matter very difficult — Perhaps the attention of the Board may be drawn to the Mily. Deptt certificate & they may be asked to state the reasons why in the face of the Mily Deptt certificate it is held by them that the disability was apparently by field service —

Medical Certificate. No: 13

UNDER SECTION 51 OF THE CIVIL PENSION CODE.

The form of the certificate to be given respecting an officer applying for pension in India is as follows:—

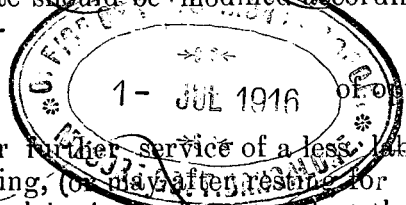
Certified that we have carefully examined Rajoji Jhodgay son of Narasinga Rao Jhodgay, a Sowar in the Mysore Imperial Service Lancers, Bangalore.

His age is, by his own statement, 50 years, and, by appearance, about 50 years.

We consider him to be completely and permanently incapacitated for further service of any kind (or in the Department to which he belongs), in consequence of Pyorrhea Alveolaris

His incapacity does not appear to us to have been caused by irregular or intemperate habits.

(If the incapacity does not appear to be complete and permanent, the certificate should be modified accordingly and the following addition should be made:—



We are of opinion that

is fit for further service of a less laborious character than that which he has been doing, (or may after resting for months, be fit for further service of a less laborious character than that which he has been doing).

Medical History of the Invalid.

Note.—The answers to the following questions are to be filled in by the Medical Officer by whom the Soldier is brought forward. In answering them he will carefully discriminate between the man's unsupported statements on his case and recorded evidence furnished by his documents military and medical. He will also carefully discriminate cases entirely due to venereal disease.

8. Date and place of origin of the disability: India 1914

9. Give concisely the essential facts of the causation and history of the disability, noting entries on the Medical History Sheet bearing on the case, and give your opinion, in cases where it applies, as to what part military service has taken in its production: Patient appears to have suffered from the above complaint for the last year or two

Not due to military service.

10, What is his present condition ?

Weight should be given in all cases when it is likely to afford evidence of the progress of the disability.

He is an old man of about 50. He has lost several teeth and the remainder are mostly loose. He is thin and debilitated and suffers from lumbago

11. If the disability is an injury, was it caused

    (*a*) In action ?
    (*b*) On field service ?
    (*c*) On duty ?
    (*d*) Off duty ?

(b) Partly

12. Was a court of Inquiry held on the injury ?
    If so — (*a*) When ?
    (*b*) Where ?
    (*c*) Result ?

13. Was an operation performed ?

14. Was an operation advised and declined ?

Opinion of the Medical Board.

Note.—The answers to the following questions are to be filled in by the Board. As the object of these questions is, in the event of the man being invalided, to put the Commissioners of Chelsea Hospital in possession of the most reliable information based on the opinion of those best capable of judging, so as to guide them in deciding upon the man's claim to pension, clear and decisive answers should in all cases be given.

Expressions such as "may," "might," "probably," &c., should be avoided.

The rates of pension vary according to whether the disability is atributed to (*a*) ordinary military service, (*b*) active service, or (*c*) climate. It is therefore essential when assigning the cause of the disability to differentiate between them. See Articles 1085 and 1088, Pay Warrant, 1909.

18. Is the disability the result of ordinary military service, active service or climate? If so to what specific conditions does the Board atributed it?

In answering this question the Board should be careful to discriminate between disease resulting from military conditions, and disease to which the patient would have been equally liable in civil life. Enteric Fever, Disentery, Malaria. &c. contracted when on service abroad, are to be regarded as caused by ordinary military service, active service, or climate, as the case may be.

No.

19. Has the disability been aggravated by
(*a*) Intemperance? No.
(*b*) Misconduct? No.

20. Is the disability permanent? ~~No~~ Yes.

21. If not permanent, what is its probable minimum duration?
To be stated in months.

22. To what extent is his capasity for earning a full livelihood in the general labour market lessend at present?

Total

In defining the extent of his inability to earn a livelihood, estimate it at $^1/_4$, $^1/_2$, $^3/_4$ or total incapacity.

23. If an operation was adviced and declined was the refusal unreasonable?

24. Does the Board recommend
(*a*) Discharge, as permanently unfit
or
(*b*) Change to England?

Yes.
